

RICARDO PEREIRA

Computer Engineer

SUMMARY

Recent Computer Engineering graduate with a strong foundation in web development and a passion for learning new technologies. While I'm new to the professional field, I am eager to contribute my adaptability and enthusiasm for technology to a dynamic team.

EXPERIENCE

Collaborator, Pedagogical Department

Núcleo de Estudantes de Engenharia Informática

JUN. 2021 - JUL. 2023

PROJECTS

UTAD Summit - Event Organization

OCT. 2022 - MAR. 2023

@utadsummit

Played a pivotal role in organizing the UTAD Summit, a high-impact event involving over 10 companies to foster networking and enhance students' pedagogical skills. Coordinated event logistics and effectively managed a team to ensure the event's success.

Portfolio

<https://ricardo-pereira.vercel.app/>

<https://github.com/Richie735/Portfolio>

React | Next.js | TypeScript | TailwindCSS

Developed a personal project using Next.js to showcase web design and development skills.

Flutter GPT

Flutter | OpenAI API

Developed a mobile application that utilizes the OpenAI API to generate text-to-text and text-to-image content. Successfully completed this project as the final requirement of a course unit.

KeyCord

C# | .Net | SQL

Designed and developed a web application for purchasing game keys with a visual design inspired by Discord.

Developed as the final project of a course unit.
